I had episode about when I traveled America

I went to America to meet my cousin / for my cousin.

One lived in Miami and another lived in Florida.

I had to take the airplane twice from Miami to Florida.

When I arrived at the transfer airport

second airplane has already departed it.

I was disconcerted because I was alone in airport.

I waited for the morning to come on the airport chair

My cousin who live in Miami came to airport to find me by driving 12 hours.
